

Accessibility Statement for jillimpey.com

This is an accessibility statement from Jill Impey.

Conformance status

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. jillimpey.com is partially conformant with WCAG 2.1 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

Additional accessibility considerations

Some images are missing alt text.
The focus on some of the links is quite hard to see.
